1. Introduction

An SLA is a contract between a service provider and its customers that documents what services the provider will furnish and defines the service standards the provider is obligated to meet. The SLA establishes clear and measurable guidelines, ensuring alignment between the client and service provider regarding service standards, and also provides accountability for unmet responsibilities by the service providers.

The Service Quality Department devised this SLA document to ensure consistent service quality by ensuring cross-functional collaboration across work units and stakeholders in customer complaint management. This document, therefore, outlines the expected services provided by various internal stakeholders such as Departments, District Offices, and Branches.

2. The Service Level Agreement

2.1 Agreement Overview

This Agreement represents an SLA between the Service Quality Department hereinafter also referred to as "Service Recipient" and _____ work unit hereinafter also referred to as a "Service provider" for the provisioning of key services required to the timely completion of the Service Quality Department tasks.

This Agreement remains valid until superseded by a revised agreement mutually endorsed by the stakeholders and outlines the parameters of all Complaints Management services covered. This Agreement does not replace the current processes, policies, and procedures unless explicitly stated herein by the agreement.

2.2 Objectives

In general, this agreement aims to enhance the Bank's efficiency, productivity, and cross-functionality by providing the necessary service descriptions and expectations hence ensuring a smooth and agile work process across cross-functional work units of the Bank. Specifically, this agreement helps to:

- 2.2.1. Provide a thorough understanding of service ownership and the roles and responsibilities of all stakeholders.
- 2.2.2. Ensure consistent service quality and timely responses, particularly to internal customer requests.

- 2.2.3. Align internal stakeholders and define service ownership, accountability, roles, and responsibilities of stakeholders.
- 2.2.4. Present a clear, concise, and measurable description of service provision to the internal customer.
- 2.2.5. Ensure and strengthen teamwork, internal collaboration, and relationships between the Service Quality Department and various work units.
- 2.2.6. Ensure adherence to the Bank's service delivery standards, NBE, and other regulatory body directives.

2.3 Scope

This agreement covers the complaint management services and is limited to setting SLAs between the Department and other cross-functional work units that engage and closely work with the Department in the process of exchanging services including, but not limited to, job orders, technical support, data/information sharing, etc.

2.4 Definition of Terms

Whereas, unless otherwise conveying another meaning in the context, the following definitions apply in the SLA:

- 2.4.1. **Service Recipient** means the Service Quality Department in general and the Complaints Management division in particular that agreed to receive the services provided by the service provider under the agreement.
- 2.4.2. **Service Provider** means departments and divisions at the Head office, all district offices, and branches that are responsible for providing the required service to the service recipient under this agreement.
- 2.4.3. **Services** means the services that the service recipient is seeking from the service provider that may include but are not limited to technical support, information/data disclosure, report, sharing hard and/or soft copy documents, etc.
- 2.4.4. **Service Level** means the specific objectives that the service provider has agreed to meet for the services provided under this agreement.
- 2.4.5. **Stakeholders** means all work units of the Bank directly or indirectly engaging with and affecting or affected by the Service Quality Department services.
- 2.4.6. **Term** means the length of time that this agreement is in effect.

2.5 Stakeholders

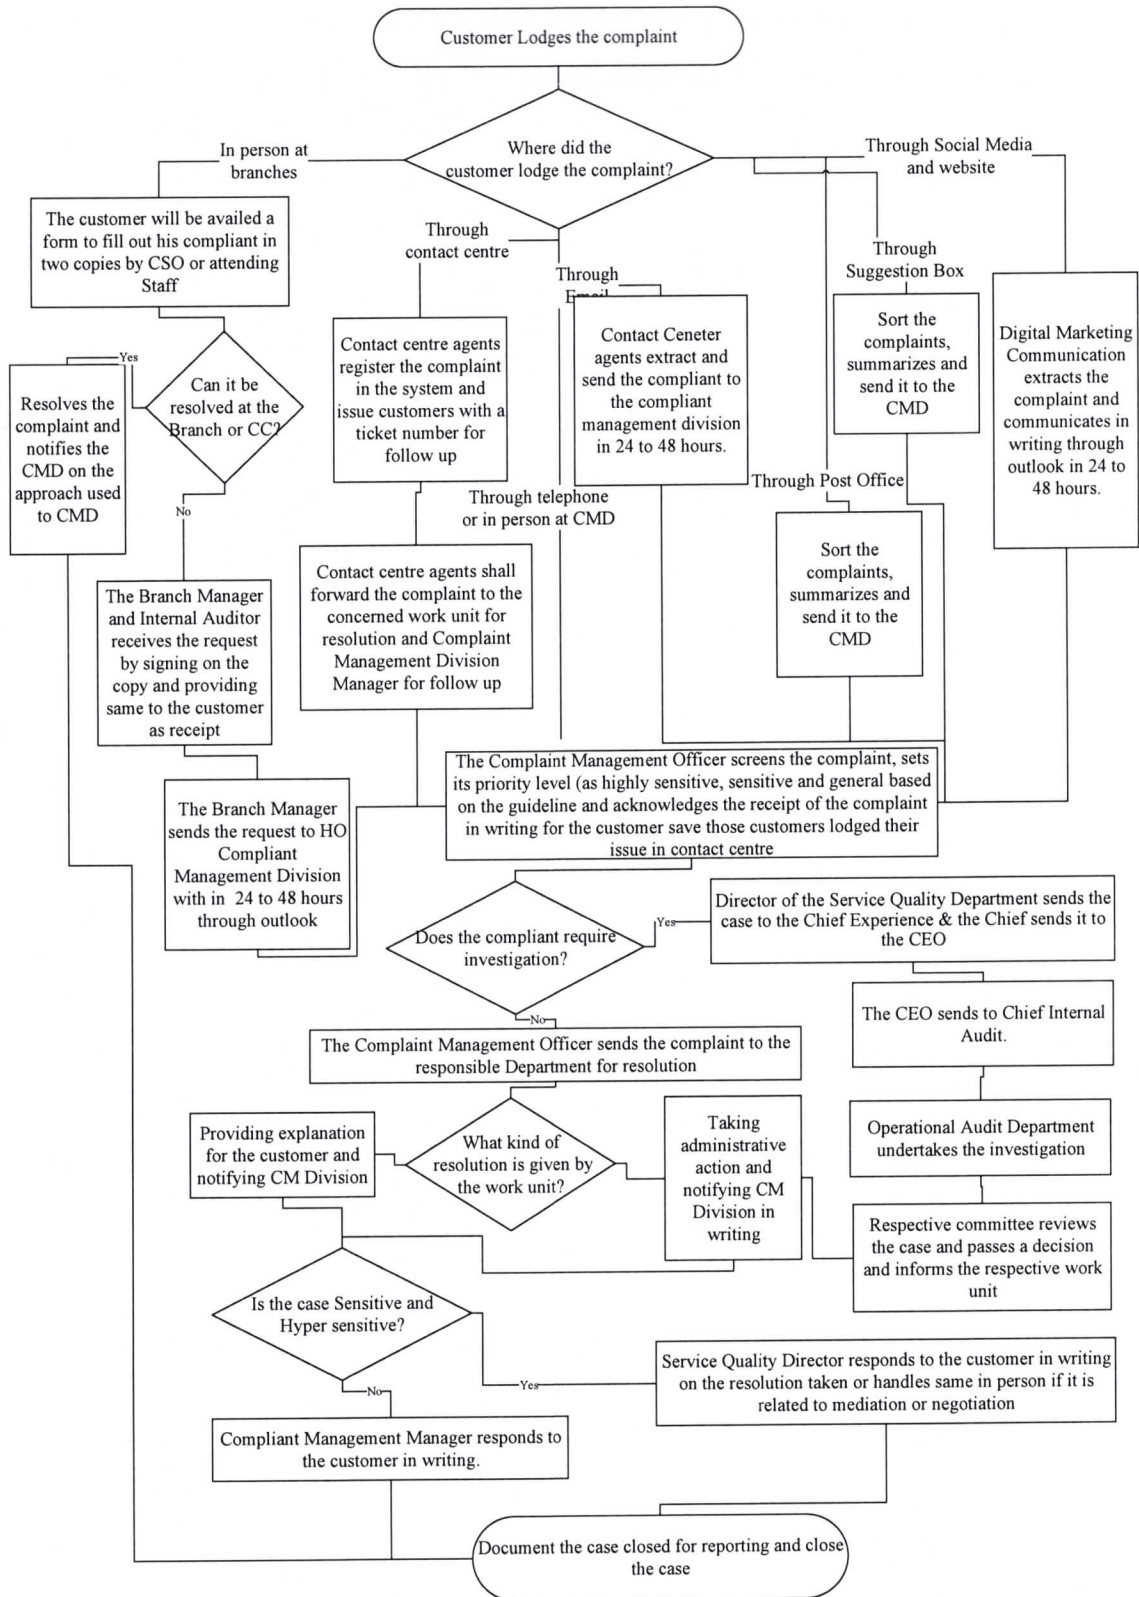

The following Service Provider(s) or the Work units and Service Quality Department (Service Recipient) will be used as the basis of the Agreement and represent the primary stakeholders associated with this SLA:

Service Quality Department: Dashen Bank under the Chief Experience Office - Service Recipient

_____ Work Unit: Dashen Bank-Service Provider.

5. Service Management

Effective support of in-scope services is a result of maintaining consistent service levels. The following sections provide relevant details on service availability, monitoring of in-scope services, and related components.

5.1 Service Availability

The Service Quality Department team is available from 8:00 am to 12:00 am and from 1:00 pm to 5:00 pm Monday to Thursday, from 8:00 am to 11:30 am and from 1:00 pm to 5:00 on Friday, and from 08:00 am to 12:00 am on Saturday, and responds to inquiries related to Service Quality and Complaints Management issues by email, telephone, and personal contact except for Holidays.

5.2 Service Levels/Standards

In support of services outlined in this Agreement, the Service Provider work unit shall respond to service-related incidents and/or requests submitted by either of the work units from the Service Quality Department within the stated timeframe for each activity.

5.3 Monitoring Success

The Service Quality team will be duty-bound and make regular follow-ups to ensure activities are conducted as per the SLA and will submit monthly status reports to the Service Quality Director and Chief Experience Officer [when necessary]. In doing so, the team systematically collects relevant data related to service performance, evaluates the collected data, assesses compliance with the SLA, generates SLA reports, and regularly identifies areas of improvement and takes corrective actions. Besides, the team will carry out an annual review of the services and delivery of the services offered.

5.4 Requirements for the Success of Complaint Management

The implementation of CRM is among the expected drivers for prompt complaint handling. Enhancing awareness of staff members through training or other means is another input for the effectiveness of complaint management. Equally important, awakening customers about complaint lodging while creating visibility of complaint lodging channels is indispensable.

6. Escalation, Dispute Resolution and Redress

The service requests mentioned in Article 4 above shall be implemented within the stated response time. However, if the service provider work units do not respond within the agreed time frame, the following points of escalation actions and dispute resolutions shall be followed.

6.1 Escalation Procedure

Regular follow-up	The first point of Escalation	Unresolved issues
The Team Leader of Complaints Management shall remind the concerned work units to respond to the requested service within the time frame.	If not addressed within the time frame, the Specialist/Team Leader notify his/her respective Senior Manager, and, the respective Senior Manager shall send a formal reminder to the concerned work unit on the next day of the deadline date to send the requested service within two working days after the formal reminder notification.	If the case cannot be resolved at the first point of escalation, the issue shall be escalated to the Director Service Quality Department and will be managed based on dispute resolution as stated below.

6.2 Dispute Resolution Procedure

First step of dispute resolution	Responsibility
The Directors of the Service Quality and the Service Provider work units shall cooperate to resolve any disputes based on the SLA. If the issues cannot be resolved by the Directors, resolution or remedial action should be identified and then agreed upon by the Directors.	Director of the Service Quality Department and Director of the concerned work unit
Second step of dispute resolution	Responsibility
If the dispute cannot still be resolved based on the agreed resolution or remedial action, the same shall be escalated to the respective Chiefs and discussion shall be made among the Chief Officers.	Chief Experience Officer and the Concerned Work Unit Chief or Officer

6.3 Redress

The service provider shall take full responsibility for covering the costs and damages incurred by the service recipient due to failure to timely provide the required service as agreed by the service provider.

6.4 Periodic Review

This Agreement is valid from the effective date outlined herein and is valid until further notice on the changes in SLA content, response time, and performance measures. Nevertheless, the Agreement should be reviewed at a minimum in two years.

The Service Quality Department is responsible for initiating and facilitating regular reviews of this document. Contents of this document may be amended as required, provided that

mutual agreement is obtained from the primary stakeholders and communicated to all affected parties. Thus, the Service Quality department, as the document owner will incorporate all subsequent revisions and obtain agreements/approvals from the stakeholders as required.

Any changes and/or additions made to the outlined services will be communicated timely through an internal communication platform by the Chief Experience Officer, documented, and considered as part of the existing SLA contract by the concerned stakeholders. Besides, a copy of the SLA will be available to all parties for reference and implementation.

7. Service Level Agreement Approval

Witness whereof, the parties hereto have caused this contract to be duly executed in their respective names by their duly authorized representatives, on the respective dates specified below. Hence, believing that the information in this SLA document is accurate, relevant, and truthful, and all are provided in good faith and in the best interests of the Bank. We hereby confirm our responsibility to deliver the stated services within the Standard Service Delivery Time set in the SLA.
